Sir,

In reference to your No. 35 dated 12th July 1893 and Memo No. 68 of the 15th Ultimo forwarded, enclosing a petition from the Residents of Swagunga village, Nelamangala Taluk, regarding the mismanagement of Swagunga Mutt, I have the honor to submit the following report.

2. Swagunga Mutt is a very old institution possessing spiritual authority over several Taluks of the Mysore Province and also in some parts of the British Territory. It was once highly respected by its disciples, but of late, through the

incompetence of a Succession of Gurus, the disorder set in so far back as 1845 or thereabout has continued and the Government had to take the management of the villages attached to the Mutt more than once. The villages which had been under Government management were restored Some 4 or 5 years ago.

3. The father of the Guru was made agent and he squandered the Mutt funds and contracted debts to the amount of Rs 20,000/. and applied for a loan to the Government; his prayer was ordered to be enquired into. The debts in the mean time increased to 30,000 Rs. The Guru was not able or willing to furnish proper accounts and therefore the Government has declined to sanction the loan vide Proceedings No. C 1744/19th September/92

4 While investigating the subject of

Superintendent's notice that the Educational training of the Guru was defective. Arrangements were made for Keeping the Guru in Bangalore for some time under the Supervision of the Superintendent. The Guru first consented to it, but subsequently Changed his mind and left the Province.

5. The Guru is an ill-educated man and is influenced by selfish and badly conducted persons who invariably surround an incompetent person commanding some money. The Guru has lost the confidence of his community. Owing to the Guru's incompetency and to extravagance, if not to his profligacy, his influence over the Spiritual concerns of his diocese has dwindled almost to nothing and the chief object of the Mutt is thus frustrated.

6. In a temporal point of view as well, the Guru has not fulfilled

the expectations of the Government. The Endowments are not infrequently diverted from their proper objects; the buildings are allowed to fall into disrepair; the feeding of the people is neglected; the village accounts are badly kept and there is hardly anything to shew what the total Revenue realized is, who have paid up their dues and who are in default. This disorder has crept in within the short time that the management of the endowments has been restored to the Guru.

7. If I understand rightly, the relation of His Highness the Maharaja's Government towards Maths, I think it is a duty of the Government to see that the Maths are properly maintained and managed. Taking this view of the case, I have no hesitation in recommending the interference of the Government.

8. The first concern is to secure

the appointment of the present Guru has not been formally approved by the Government. The Government has thus a right to appoint a time within which the Guru should qualify himself for the high and holy office he holds, failing which, the approval of the matt should be withheld and a fresh nomination insisted on.

9. Secondly, to clear the debts and bring the endowments into something like order and to repair the buildings it is also necessary to assume the management of the endowments.

10. If the Government approve of my recommendations, I shall submit definite proposals.

I have the honor to be
Sir,
Your Most Obedient Servant

Asst for Dy Commissioner.
